

KS1 SUMMER 2 NEWS

This half term... in Maths, we will be learning all about statistics. This will include looking and interpreting data well as how it is recorded and presented. We will explore tally charts, pictograms and bar charts. We will also be continuing to explore and consolidate our knowledge of the four operations. These are: addition, subtraction, multiplication and division.

In writing we will be writing our very own adventure stories! These stories will take inspiration from stories such as 'The Rainbow Fish' and 'The Squirrels Who Squabbled'.

We will continue developing our writing by consistently using capital letters and full stops as well as using some fantastic adjectives to describe the characters and settings!

Home Reading

Reading and Phonics has been a big focus of ours last half term and continues to be moving into summer.

We kindly ask that children read at home every day and that their reading record is signed. Even as little as 5 minutes each day can make a HUGE impact on your child's reading!

Home Learning

Each Friday we will be sending out home learning. This will reinforce the skills which have been taught in school and will give children the opportunity to practice what they have learnt throughout the week.

Any questions in how you can help and support your child, please speak to the class teacher who will be happy to help!

Early Bird

Doors open at 8:30. This is the perfect opportunity for children to prepare for the day ahead. Breakfast club continues to be available from 7.30am.

PE

During our PE sessions, we will be covering athletics and sports day events.

Year 1GG: Monday and Thursday.
Year 1/2JR: Wednesday and Thursday.
Year 2MH: Tuesday and Thursday.

Please ensure your child brings the correct PE kit and appropriate footwear.
(White t-shirt & black or blue bottoms)

Topic

Throughout this half term will be covering lots of exciting areas within our Topic sessions. In science, we will be exploring plants.

In Art we will be creating our very own sculptures using recyclable materials!!

We would be grateful if you could collect and save any recyclable materials and bring them in for our project.

Facebook

If you don't already, please give us a like and follow on Facebook.

We will be capturing the AMAZING learning and magic that is happening in the classrooms and posting updates on our Facebook page!

Please check the weekly news letter for up to date information in regards to key events happening in school!

Have a fantastic break and we look forward to welcoming you back! 😊
